## **TECHNICAL SPECIFICATIONS**

Air	SS2, SS2-FMH, SS2-MBS
Compressed air requirements	3-4 bar with 28 l/min
General	
Power type	Compressed air
Chemical pick up type	Draws from pre-mixed solution
Number of products	1
Suction line length/diameter	0.9 m clear hose ,1/4"
Flow rate*	6 ml
Output volume*	6 ml
Approvals	CE
Number of nozzles	4

<sup>\*</sup>Flow rates and output volume given are based on chemical with viscosity of water and factory air pressure settings.
