

GRIFF MOBILE

Advanced cleaning and sanitizing station

Nilfisk FOOD Griff is a smart cleaning station with 8 bar/123 psi rinsing pressure and advanced foam technology to deliver superior soil removal in the food retail and institutional industry.

Advanced foam technology generated thanks to built-in compressor delivers faster and more efficient cleaning.

Increased contact time of the detergents with the cleaned objects and the visible proof of cleaning delivers consistent cleaning results all over the plant and real economical savings.

According to an extensive field research results, Griff generates 22% of labour savings and 57% of water savings vs. traditional foamer.

Griff Mobile is intended to use as a single user cleaning and sanitizing station with three cleaning functions in one centrally located. The unit is mounted on a trolley giving additional flexibility and mobility.

Applications

- Food retail: Fresh meat, fish & seafood, deli departments
- Modern institutional kitchens
- Food contact surfaces
- Food contact equipment
- Floors, Walls, Ceilings
- Hard to reach areas

Features

- Unique Duo foam technology
- Two separate chemical products
- Three cleaning function in one centrally located selector switch
- Built in compressor
- Built in water pump
- Built in water check valve
- Wall mounted or trolley mounted

Benefits

- Superior soil removal
- Visible proof of cleaning
- Consistent cleaning results
- Safe, easy and quick to operate
- 23% labor cost savings*
- 50% water cost savings*
