

## **Service Information no. 194**

### **Small order handling cost**

---

In relation to the new Ecolab EBS business structure, we have learned that one of the objectives for the future will be to drop shipments directly at the customer's premises. This will have the consequence that the number of orders will increase drastically for Nilfisk-ALTO Food Division, which we have pointed out to the Ecolab organization.

***We will be pleased to provide this service.***

As a consequence of this, we agreed with Ecolab Purchase management EMEA, that from January 1, 2010, we will implement a small order handling cost of 15€ for orders at/or below 250€ excl. packing and transport. For orders below this amount the handling cost will be stated on the order confirmation in a separate line.

Should you need any further information do not hesitate to contact Nilfisk-ALTO Food Division sales department, direct tel. No.: +45 7218 2000.

Best regards

25 years - still innovative
