

## Service Information no. 206

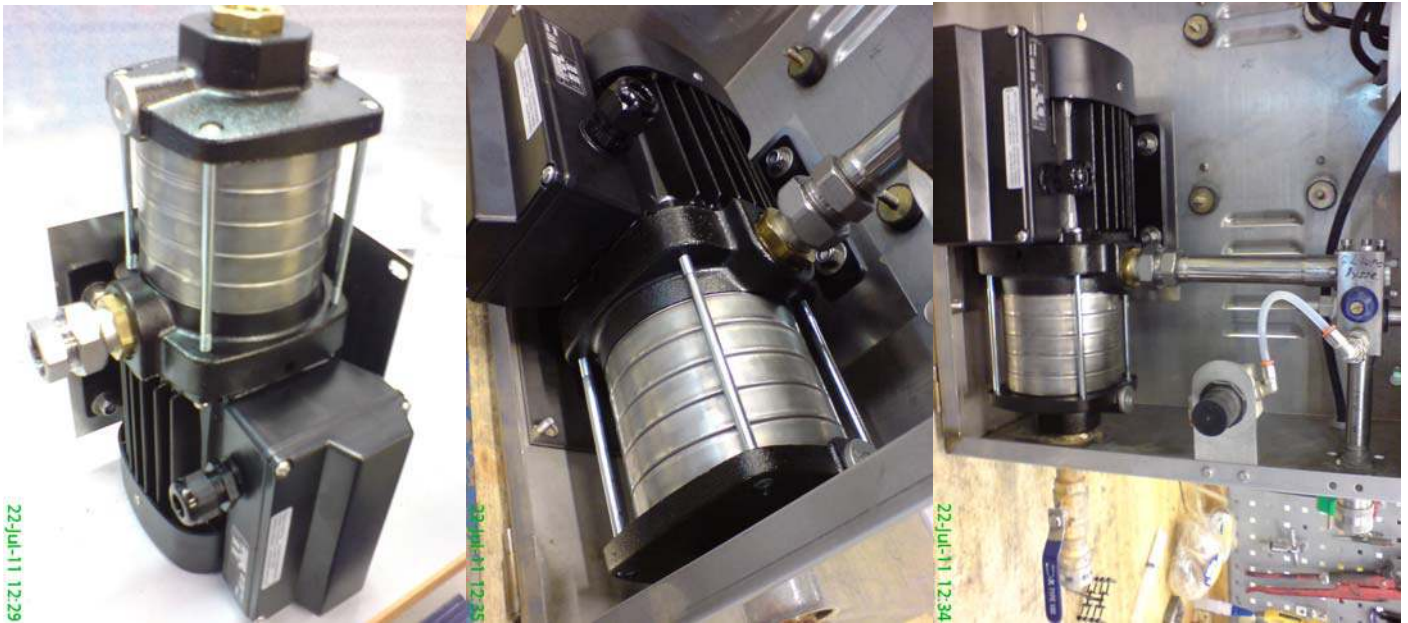

### Spare pump and bracket for S510

---

When you order a spare pump for S510 - it is no longer a CH 2-50 pump, but the new CM 1-6 pump, which we are also using in the new MSM station.

To be able to use the CH 1-6 pump a new bracket is required in order to mount the new pump into the old S510 cabinet.

When you order the old spare part No. 850000, 50Hz, we will automatically change to the new item no. 110002006, which also includes the required bracket and screws to mount in the S510.

Should you need any further information do not hesitate to contact Nilfisk-ALTO Food Division sales department, direct tel. No.: +45 7218 2000.

Best regards  
**Nilfisk-ALTO Food Division**
