

New suction hoses

As a future-proofing, we have decided to upgrade our suction hoses to a stronger PVC material.

This will be a general product improvement and will have no influence on either prices nor item Nos.

Also, to fit all equipment and ease the packaging, we have made the PVC pipe a little shorter and the hose a little longer.

The upgrade concerns all suction hoses integrated in equipment, and also the following spare part Nos.:

110001214 (EBS No. 1005382) – blue suction hose complete

110001197 (EBS No. 10005000) – yellow suction hose complete

110001198 (EBS No. 10004997) – red suction hose complete

110001199 (EBS No. 10004989) – green suction hose complete

The hoses each consists of: suction hose, suction filter (clear), PVC pipe and hose clamp.

We have incorporated the new suction hoses in our product range since 1stFebruary 2018.

NEW hose
