

INTRODUCING THE **NEW Nilfiskfood.com**

We are very excited to announce the launch of our newly designed website.

[Visit us at Nilfiskfood.com.](https://www.nilfiskfood.com)

After months of hard work and preparation, we now officially announce the launch of our new and improved website on:

Thursday 10th June 2021.

From the beginning, our goal was to make our website intuitive, easier to navigate and more user friendly.

We want to share up to date information, knowledge and expertise in the field of low-pressure cleaning. Engineered to run is what our equipment is characterized by - so you can trust that it works day in, day out, doing the cleaning job faster and smarter than ever before.

Amongst the new features the site contains a Support site especially designed for customers looking for information on Nilfisk FOOD products - all information gathered in one place!

The support site can be entered via the support button in the top banner or via the burger menu in the right upper corner of the site.

Besides our latest technical news and sales news, the Support page contains a list of all Nilfisk FOOD products with description, video instructions, documents/manuals for download, picture gallery and an overview of models available for each product in our product line. Also discontinued products are found on the Support site.

We are so pleased to share our new website with you - for any questions, suggestions, feedback or comments, please [E-mail us](#).

Best regards

Nilfisk FOOD
